CONDITIONS OF REPORTING

- ◇ This report represents only an opinion. As such it is not valid for medico-legal purposes. If clinical findings of the patient do not correlate with the opinion/findings given/referring in the report then the patient/referring doctor may please contact the lab immediately for re-confirmation by repeating the investigation.
- ◇ The blood and other samples received from outside will be presumed to be of patients named on the samples.
- ◇ The blood samples and fluids for cytology are discarded after conducting the required tests unless otherwise informed earlier by them patients, referring doctor or hospital.
- ◇ The histopathological samples will be preserved for one month only whereas wax blocks and glass slides will be discarded after six months.
