## WELCOME MESSAGE

“**Dear Friends,**

It is a matter of great privilege for us to invite you all to IASCON 2017, the grand event of Arthroscopy at the mesmerizing heritage Pink city of Rajasthan, Jaipur. Keeping the ever evolving scene of our field, the theme for this conference is kept as '**Learn, Relearn and Excel**'. This engulfs our vision of the conference that aims at bringing together everything on Arthroscopy on the same platform, from Basics to Advanced.

We aim to provide inspiration to young and emerging surgeons, while adopting a diverse technical repertoire of advanced Arthroscopic surgery. We offer an opportunity to emerging surgeons to **Learn** basic Arthroscopy skills, **Relearn** and refresh knowledge through discussions over controversies and latest enhancements in the field and last, but not the least, **Excel** by applying this knowledge to your clinical practice with clearer concepts.

We offer you an unmatched trinity of exceptional live surgeries, brilliant course content and interactive sessions with internationally revered faculties. You have an opportunity to learn, interact and inspire from eminent National and International faculties across the globe.

We take this opportunity to take you for an exciting ride into the world of cutting edge arthroscopy spanning all joints from the knee to the shoulder, hip to the elbow and wrist to the ankle. Come, join us to learn arthroscopy if you are new, relearn if you are experienced and excel as we must... The world of possibilities await! ”

# PRE-CONFERENCE WORKSHOPS: OCTOBER 12, 2017

## Eight Dedicated Pre-conference Workshops

### BASIC KNEE WORKSHOP

Full-day workshop on knee Arthroscopy surgical skills  
(Skill Development - Basic Arthroscopy Learning by Masters)

#### Topics to be covered:

- Detailed examination
- Basic radiology
- Portals
- Triangulation
- Menisectomy indication – Tips and Tricks
- Loose body removal
- ACL Reconstruction – Step-by-step understanding – Graft harvest, tunnels, fixation options, Single bundle / Double bundle etc.
- PCL reconstruction
- Debridement of OA Knee, Adhesiolysis etc.
- Cartilage Lesions – Understanding and Treatment options

Lectures, Panel Discussion, Live / Relive Surgical Technique, Hands-on session on saw models / triangulation training on simulators.

### ADVANCE KNEE WORKSHOP

Full-day workshop on advance Arthroscopic knee surgical skills

#### Topics to be covered:

- Meniscus Repair (Indications, Technique, Implants available, hands-on training on models)
- Multiligament Injuries - Repair/Reconstruction; Indication, Detailed Surgical techniques (Basic to advance learning)
- PCL reconstruction options – Single bundle / Double bundle
- MCL Reconstruction / Repair
- PLC understanding and management
- Patello - femoral Pathologies - MPFL reconstruction, Trochleoplasty, Distalization procedure etc.,
- ACL /PCL Avulsion Repair
- ACL Repair
- Advance ACL Reconstruction (Double Bundle, All Inside, ACLR in adolescents, Repair with Internal Brace)
- PCL Reconstruction – Surgical tips and indications.
- Revision ACL / PCL Reconstruction
- ACL with ALL Reconstruction
- HTO – Indications and detailed technique

Hands-on sessions on saw models / virtual models, Hand-eye coordination simulator training, Live / Relive surgeries / Cadaveric surgical demonstrations.

# PRE-CONFERENCE WORKSHOPS: OCTOBER 12, 2017

## Eight Dedicated Pre-conference Workshops

### BASIC SHOULDER WORKSHOP

Full-day workshop on shoulder Arthroscopy surgical skills  
(Skill Development - Basic Arthroscopy Learning by Masters)

#### Topics to be covered:

- Focused clinical examination
- Painful and unstable shoulder - How do we approach? (Emphasis on diagnosis of cuff tear, instability, SLAP tears etc.)
- Shoulder imaging
- Instruments setup
- Portals placements
- Diagnostic Arthroscopy
- Subacromial decompression (acromioplasty) - Why, when and how?
- Bankarts Repair – Timing of surgery, indications of surgery, technique, implant options
- Rotator cuff repair – Fundamentals of repair
- Frozen shoulder - Arthroscopic adhesiolysis

Knot tying stations, Hands-on sessions on saw models / virtual models, Hand-eye coordination simulator training, Live / Relive surgeries / Cadaveric surgical demonstrations.

### ADVANCE SHOULDER WORKSHOP

Full-day workshop on advance Arthroscopic shoulder surgical skills.

#### Topics to be covered:

- Rotator cuff detailed understanding – Partial tears, Single Row v/s Double Row cuff repair, Massive cuff tear management (Muscle transfers / superior capsular reconstruction / replacement)
- Instability – Radiology, Remplissage, Bony Bankart, Revision failed Bankart etc.
- SLAP and Biceps - Where do we stand?
- Subscapularis tears
- Suprascapular nerve decompression
- Glenoid and Scapula Fractures
- Arthrolatarjet

Knot tying stations, Hands-on sessions on saw models / virtual models, Hand-eye coordination simulator training, Live / Relive surgeries / Cadaveric surgical demonstrations.

# PRE-CONFERENCE WORKSHOPS: OCTOBER 12, 2017

## Eight Dedicated Pre-conference Workshops

### LOWER LIMB ARTHROSCOPY WORKSHOP

#### HIP, FOOT & ANKLE WORKSHOP

Foot & Ankle Sports Injury section by **Founder President of Ankle platform, Professor Nick Von Dijk** and **Dr. Les Grujic - Ankle surgeon (Australia)** to cover sports injuries of foot and ankle.

##### Topics to be covered:

- Overview and history of Arthroscopy, Arthroscopic Instrumentation, Basics of Arthroscopic Technique (Setup, Portals, Pumps, Distraction, Maneuvers, Pistoning & Rotation), Arthroscopic Anatomy (Including STJ).
- Anterior Lip Arthroplasty
- Complications of Arthroscopy, Arthroscopy of OCD (include bone grafting), Cartilage Replacement Techniques, Arthroscopic Assisted Trauma
- Arthroscopic Ankle Arthrodesis (AAA) Subtalar arthroscopy, Talar neck fracture; Syndesmosis debridement
- Return to Play, Rehabilitation after ankle sports Injuries

Live / Relive surgeries / Cadaveric surgical demonstrations.

#### HIP ARTHROSCOPY WORKSHOP

- Step-by-step understanding of basics.
- Indications, diagnostic arthroscopy, radiological diagnosis, decision making.
- Focus on arthroscopic management of commonly encountered hip pathologies like FAI, ATLF, cartilage reconstruction, loose body removal.

- Interesting case scenario discussion.
- Hand eye coordination simulator training, Live / Relive demonstrations.

### ELBOW AND WRIST ARTHROSCOPY WORKSHOP

Full-day workshop on Elbow and wrist arthroscopy surgical skills

- Wrist session - Indications , radiological diagnosis , Diagnostic Arthroscopy , TFCC repair, Sports injuries of hand and wrist.
- Live / Relive demonstrations.
- Elbow session - Portals, Diagnostic round, Loose body removal.
- Live / Relive demonstrations.

### MUSKULOSKELETAL RADIOLOGY IN SPORTS MEDICINE

Reading MRI and correlating clinically is an essential desired skill for a sports injury specialist. This dedicated workshop is designed to teach basic and advanced detailed MRI reading and Musculo-skeletal Ultrasound. Workshop will be mentored by experts of Clinical Arthroscopy and Radiology

**Resource persons:** Dr. Paresh Sukhani, Dr. Aditya Daftari, Dr. Malini Lawande along with Master Clinicians

Lectures, Case Discussions, Clinical Correlation, Hands on USG Training

## PRE-CONFERENCE WORKSHOPS: OCTOBER 12, 2017

### Eight Dedicated Pre-conference Workshops

#### SPINE ENDOSCOPY WORKSHOP

##### Workshop on spinal endoscopic discectomy techniques:

- Introduction Spinal Arthroscopy
- Anatomy of spine – Endoscopist's perspective and endoscopic Approaches
- Principles and Technique of Arthroscopic Discectomy and Endoscopic Lumbar canal Decompression.
- Didactic lectures, hands-on models, Live / Relive surgical demonstrations
- Learning Curve in Arthroscopic discectomy and Spinal canal stenosis
- Rehabilitation and return to sports after Endoscopic discectomy

Hands-On Models, Live / Relive Surgeries, Panel discussion.

##### Note:

- Workshops complemented by most of National and International Faculties with excellent learning opportunities.
- Workshop registration will be done only with conference registration.
- Web Session entry will be restricted to only In-house / Workshop Registered delegates.
- In case of insufficient number of delegates or Unavailability of speakers, workshop may be cancelled. In this case, either option of opting preferred workshop or Refund of workshop registration money will be applicable.

## PREMIUM ADDENDUM (CHERRY ON CAKE)

After completion of workshop, to further satisfy your knowledge thirst, we have added this premium complementary section first time in IASCON. Web Interactive Session with Revered Master Faculties across the Globe.

##### Dr. John J. P. Fulkerson (USA)

Head, Patellofemoral Foundation. Inventor, Fulkerson Osteotomy

**Topic:** Patellofemoral issues in 2017 – An Update

**Duration:** 45 min (Lecture with Relive surgeries)

##### Dr. Brian Cole (USA)

Chairman, Dept. of Surgery, Rush Oak Park Hospital, Professor, Dept. of Anatomy & Cell Biology, Rush Medical College

**Topic:** Management of Massive Rotator Cuff Tears – Our Experience

**Duration:** 45 min (Lecture + Live / Relive Surgery)

##### Dr. Jack Farr (USA)

Medical Director, Knee Restoration Centre, Indiana Vice President, Patellofemoral Foundation Board Member, International Cartilage Repair Society

**Topic:** Update on Cartilage restoration

**Duration:** 90 min (Lecture + Live / Relive Surgery)

##### Dr. Bertrend Sonnery Cottet (France)

Arthroscopy and Sports Surgery Specialist Lyon School of Knee France, Centre of Orthopaedics, Santy Hospital

**Topic:** Ramp lesions of the Medial Meniscus - Diagnosis and management.

**Live surgical demonstration on ACL + ALL reconstruction.**

To be relayed from Centre of Orthopaedics Santy (FIFA EXCELLENCE CENTRE)

**Duration:** 90 - 120 Min

##### Dr. Nikhil Verma (USA)

Shoulder, Elbow and Knee Surgeon at Midwest Orthopaedics at Rush Orthopaedic Hospital. Fellowship Director, Professor and Chief of Sports Medicine at Rush University Medical Center.

**Topic:** Shoulder Instability understanding International consensus – Classification and treatment Protocol

**Live Surgical Demonstration - Shoulder Instability Repair**

**Duration:** 90-120 Minutes

First  
Time in  
IASCON

# MAIN CONFERENCE: OCTOBER 13-15, 2017

- ❑ Symposia
- ❑ Lectures
- ❑ Live / Relive Surgery Technique Demonstrations
- ❑ ICLs, Breakfast / Evening sessions

- ❑ Audience Poll
- ❑ Leisure
- ❑ IASTHON (The heritage run)
- ❑ PG Quiz, Paper and Poster presentation for young learners

- ❑ Hands-on Models and Simulators
- ❑ Technical Exhibits
- ❑ Spouse & Guest Programme
- ❑ Vipassana Meditation & Rajasthani Music

## KEYNOTE LECTURES

- 60 years of cartilage research at Pittsburgh
- Is the latest always the greatest in sports medicine?

**Freedi H. Fu (USA)**

- Talar OCD: The rational for diagnosis and treatment
- Achilles Tendon Pathology: Basic to Advance
- Anterior and posterior ankle impingement - Understanding and treatment

**Nick Von Dijk (Netherlands)**

- Arthroscopic Reduction of Tuberosity Fractures
- Massive rotator cuff repair management

**Jae Chul Yoo (Korea)**

- Shoulder Instability understanding
- Mini Open Rotator Cuff Repair

**Peter Campbel (Australia)**

- Understanding ACL anatomy and its clinical implications

**Robert Śmigielski (Poland)**

- Old standards and new perspectives in cartilage repair.

**Laszlo Hangody (Hungary)**

- Arthroscopic Trochleoplasty Indication and surgical technique
- How to strategically manage Complex Patellar Instability

**Lars Blond (Denmark)**

- Panlaberal instability – Pathology, Treatment options and Techniques
- Biceps pathologies

**Jonathon Herald (Australia)**

- Muscle transfer for massive rotator cuff deficiency
- Treating the Spectrum of Rotator Cuff Pathologies – When to intervene and how?

**Jean Kany (France)**

- My concern about risk factors of ACL reconstruction
- Arthroscopic reduction and fixation for PCL Avulsion fracture of tibia
- Experience on my technique of PCL reconstruction

**Sung Jae Kim (Korea)**

- Current concepts and trends in management of knee multiligamentous injuries

**Patrik Djian (France)**

- Transseptal PCL reconstruction
- ACL reconstruction with Peroneous Longus graft

**Bancha Chernchujit (Thailand)**

- Diagnosis of ACL Instability with Lelli Test, Revision ACL Reconstruction
- Meniscus Tears - Diagnosis and Repair Techniques

**Alesandro Lelli (Italy)**

- Latest Technological Advances and Developments in Hip Arthroscopy – Understanding and Application

**Prasad Gourineni (USA)**

- Congruent Arch Latarjet – Understanding the concept

**Jo De Beer (South Africa)**

- Return to sports after ACL, Brace or No brace after ACL Reconstruction

**John Neyland (USA)**

## MAIN CONFERENCE: OCTOBER 13-15, 2017

### SYMPOSIA (FOCUSED LEARNING WITH TAKE HOME MESSAGES)

- Ligament Injuries – Intervention - How and when?
- Failed Cuff – Now what?
- Pediatric Ligament Injuries
- Shoulder Instability – Understanding the International guidelines
- MCL – Leave alone or Fix early
- Root and Ramp – Real injuries or Myth?
- Bony Bankart – Latarjet is only option?
- ACL Surgical Techniques – Advancement is mimicking the anatomy or Driven?
- Cartilage defect – Intervene or leave alone
- PLC - Is it necessary to look in every Knee Injury?
- Multiligament Injury - Recommendation and Experience- Staged Reconstruction or Single sitting
- Shoulder Instability – Classification and treatment algorithm

### SURGICAL TECHNIQUE DEMONSTRATIONS

- Anatomical / Double Bundle Reconstruction: **Freedi H Fu**
  - Lat Dorsi Transfer for massive cuff tears: **Jean Kany**
  - Arthroscopic Rotator Cuff Repair / Instability Repair: **Jonathon Herald**
  - Arthroscopic Tuberosity fracture fixation / Rotator cuff tear Repair: **Jae Chul Yoo**
  - Pan Laberal Instability Repair: **Peter Campbell**
  - Arthroscopic Trochleoplasty: **Lars Blond**
  - MPFL Reconstruction
  - Arthro / Open Latarjet
  - Meniscus repair / Root / Ramp Repair: **Patrik Djian**
  - ACL Repair
  - Revision AC Joint Stabilization
  - Superior capsular Reconstruction: **Jean Kany**
  - ACL/ PCL Avulsion Fixation
  - TFCC Repair
  - Arthroscopic Popliteus sling Reconstruction: **Bancha Cherunchujit**
  - Cartilage Defect management with Mosaicplasty: **Laszlo Hangody**
- And several more by expert National and International faculties...**

# MAIN CONFERENCE: OCTOBER 13-15, 2017

## ICL / BREAKFAST & EVENING SESSIONS

### Average duration (90 minutes each – Entry by Invitation or Registration)

These special sessions are designed to further complement your knowledge about specific topic – Teaching by Master (International and National)

Some of them are:

- Management Algorithm of Massive Rotator Cuff Tears – Knowing the facts
- Meniscus tear Conserve or resect – Developing insight
- Osteotomy for Knee Instability – Indications and technique
- Revision ACL Reconstructions – causes of failure and challenges for revision
- Pediatric Ligament Injuries – How it's different?
- Multidirectional Shoulder Instability – Understanding Pathology and treatment guidelines.
- Anterior Shoulder Instability - Managing the Bone and Soft Tissue Defects
- Avulsion fractures around Knee
- Introduction to Wrist Arthroscopy
- How to Avoid and Manage Intra-Operative Complications and in ACL Reconstruction
- Management of Multi-Ligament Knee Injuries – Acute and Chronic cases
- Advances in ACL Reconstruction – Remnant preservation / Anatomical / Double bundle /All Inside.
- Recurrent Patella instability - When to Intervene and how?
- Use of orthobiologics' for cartilage and Tendonopathies
- Superior capsular Reconstruction - Indications, Results and lessons learned
- Techniques for Ankle Arthroscopies and OLT

## CONFERENCE ATTRACTIONS

- Patello femoral joint is usually ignored. So, we are putting special focus on this joint this time. Eye opener Interactive session by President of Patello Femoral Group, Dr. John J. P. Fulkerson (Inventor of Fulkerson Osteotomy) - Patello femoral issues in 2017: **Janana Jaroree hai!**
- More than 50 live surgical demonstration / Relive / video presentation by some of the well-known faculties from across the globe - **Nothing teach us more than watching how master do it.**
- Dedicated 10 Pre-conference workshops – Learn Basics and advance of arthroscopic skill by Masters by doing it with them. It's like working in a lab with your seniors: **Haath ka hunnar**
- Interactive session with more than 20 International and 50 National Faculties. **You will be student of Takshila and Nalanda of scopy in Jaipur for four days.**
- **An infotainment program Aap Ki Adalat** where there will be heated but fun filled debate between masters on controversial topics of arthroscopy like Single or Double Tunnel / Single vs Double Row. **Learning can be made fun.**
- First Time in IASCON, there is opportunity to learn spinal endoscopic techniques - "Pre-conference workshop on Spinal Endoscopic discectomy techniques" with hands-on models.

## MAIN CONFERENCE: OCTOBER 13-15, 2017

- Learn from the masters during your surgical stressful life. Tips on how to keep your passion intact. ***As we always say, only a healthy body can accommodate a healthy mind.***
- Our failures teach us more than our success. First time in IASCON, top masters will discuss their most complicated cases of their life. Learn how they come out of trouble from mess in a never before unbelievable session: ***Darr ke aage jeet hai.***
- More than 15 Breakfast / Evening sessions for focused learning – Revision ACL, Meniscus preservation, Glenoid loss management options, Multiligament Injuries, young Arthritic knee and many more. ***Discuss with experienced surgeons when they are in relaxed mood - Khana khajana***
- Web Interactive sessions by master of Arthroscopy across the globe – Dr. Brian Cole, Dr. John J. P. Fulkerson, Dr. Bertrend Sonnery Cottet, Dr. Jack Farr, Dr. Nick Verma, Dr. Garry Gartsman - First time in IASCON - ***Door darshan***
- Dedicated session for joints like Elbow, Ankle, Wrist and Hip by masters of field, so that you can complete your spectrum of arthroscopy info. Nothing will be unknown for you. As people say, ***Let there be light.***
- Give your mind a much-needed break using ancient Indian techniques. Experience Meditation technique invented by Budhha - Vipassyana Session at IASCON 2017 Jaipur. ***Budham Sharanam Gachhamee***
- Dedicated workshop on imaging in sports Injuries – Best opportunity to learn from basic to advance MRI and as we feel - It is always good to understand yourself rather than depend on report. Is not it? ***Your eyes can only see what your mind knows.***
- ***Padharo mahare des*** - Enjoy customized special travel packages at one of the greatest planned city of world, which is full of tourism destination. Including city tours, night safari, heritage walk, Hot air balloon and many more.
- Jayka Delicious food is identity of Rajasthan. You will have famous gala dinner of Rajasthani food with camel rides and safa competition.
- When you brainstormed with our knowledge filled program we will ensure your family will enjoy a perfect holiday at pink city with ***dedicated teams for your spouse and kids.***

# ABSTRACTS

## GUIDELINES FOR ABSTRACTS SUBMISSION

- **Only registered delegate can submit abstract for IASCON 2017 Jaipur.**
- **Last date for submission: August 31, 2017**
- **Submit your abstract at [abstract.iascon@gmail.com](mailto:abstract.iascon@gmail.com)**
- Abstract submitted on any other email ID will be considered invalid.

## ORAL PRESENTATIONS

- Each paper will be of 8 minutes duration followed by 2 minutes for discussion.
- Only LCD projection is allowed.
- Presentation for LCD projection must be in MS PowerPoint format on CD or pen drives, external hard disks, or other compatible memory storage devices.
- Use of personal laptops or memory devices at the podium will strictly not be permitted.
- The presentation in the correct format must be handed over and preloaded at the conference secretariat before or by September 10, 2017.
- Failure to submit the presentation may invite cancellation of the same to ensure efficient time management and smooth running of the entire conference program of 3 days.

## POSTER PRESENTATIONS

- Delegates can present their work in the form of a poster.
- The posters will be displayed daily at the conference venue.
- The Poster size should be 4 feet Height x 2.5 feet Width on Solvent Inkjet Printing.

## GUIDELINES FOR ABSTRACT AND FULL PAPER SUBMISSION

- Abstracts need to be submitted only ONLINE.
- Only registered delegates will be allowed to make presentations at the conference.
- The author must register as a delegate and registration fee must accompany the abstract and full paper. Otherwise it is liable for disqualification.
- A delegate can submit only one abstract and full paper.

- Revealing the author's identity or institutions anywhere in the text will automatically disqualify the paper.
- Each presenter will be allowed to make only one presentation at the conference.
- Once a paper is accepted, additional authors cannot be added.
- Detailed abstract not exceeding 4500 characters (including space) need to be submitted. They should be structured as title, introduction, materials & methods, results and conclusions. It should include two key words.
- Please do not mention authors / affiliation etc. anywhere directly or indirectly in the text. This will automatically disqualify the paper even before submission to the panel of judges.
- Indicate which category the paper is to be included in. The various categories are Knee, Hip, Ankle, Shoulder, Cartilage, and Miscellaneous.
- Abstract and full paper submission will be entirely online. Last date of submission of abstracts is August 15, 2017.
- The papers will be reviewed in a blinded and coded fashion by a panel of experts, and the organizing committee will intimate the delegate about the selection by September 15, 2017.

# LEISURE N FUN

## LEISURE AND FAMILY FUN

- Customized Spouse and family travel and entertainment programme.
- Heritage Walk: Walk to heritage monuments.
- Jaipur at Night - The Night safari to heritage city.
- Rajasthani Musical evening.
- Ethnic shopping.
- Mouthwatering food.
- Hot Air Balloon sightseeing of city.
- IASTHON 2017 Jaipur: 5 K run for fit doctors.
- Travel opportunities to nearby places: Tiger Sanctuary - Ranthambhore, Pushkar, Ajmer Shareef Dargah.
- Vipassana Meditation Session.
- Village Evening Masti - Gala Dinner at Village resort with Fun, Rides, Camel Safari and more to give you a relaxing evening.

With countless attractions of Rajasthan and heritage Pink city.
