10TH WORLD CONGRESS FOR NEUROREHABILITATION

FROM NEUROTECHNOLOGIES TO COMMUNITY CARE

Indian Federation of NeuroRehabilitation

Dear Friends and Colleagues,

We are delighted to invite you to the 10th World Congress for Neurorehabilitation to be held in Mumbai, India, 7-10 February, 2018.

Advances in basic neurosciences and in clinical practice are changing the lives of many patients and helping them to reintegrate into society. "From Neuro Technologies to Community Care", the theme that has been chosen for this Congress, will cover exciting, innovative technologies in neurorehabilitation that offer high quality care at low cost for the developing world communities.

The WFNR has a longstanding tradition of conducting scientific meetings of the highest quality with internationally renowned experts from the fields of both basic and clinical neurosciences and neurorehabilitation.

The multidisciplinary approach to neurorehabilitation, which includes neurologists, physicians, physiatrists, physical and occupational therapists, psychologists, speech therapists, rehabilitation engineers, basic neuroscientists and many other professionals will be well reflected in the programme and in the direct involvement of the Special Interest Groups.

At WCNR 2018, the interdisciplinary symposia will represent the T.E.A.M spirit of 'Together Everyone Achieves More' to bring out the best practices in neurorehabilitation.

Come and join us in Mumbai, the financial capital of India, a city that never sleeps! With its world-class restaurants, arts, crafts and its rich cultural life, cosmopolitan Mumbai will be a perfect backdrop for this world congress.

We welcome you to an exciting and enriching WCNR 2018 and wish you a great time in Mumbai.

Nirmal Surya
President, WCNR 2018

Leonard Li
President, WFNR
